Subject: EASA approval for AS 350/355 and EC 130 baskets

Bill,

Further to our discussion last week and my emails with TC at the end of the week, please find attached a copy of NEW EASA STC EASA.IM.R.S.01405 approving the installation of our AS 350/355 and EC 130 baskets in EASA countries. This approval will supercede any European approvals that we currently have for our AS 350/355 baskets. This is the first time that our EC 130 baskets have been approved in europe.

Kim,

I have reviewed the approval and all is good. Please go ahead and release the approval on an ECN. Any D350-607 or D130-701 basket in stock should receive a copy of this approval. Also, please update the PDS.

David
